

## FAITH COMMUNITY NURSE/LAY HEALTH TRAINING CLASS AT NWCC

A full class of 30 participants received scholarships with grant funds for our Faith Community Nurse/Lay Health Advocate classes offered at NWCC November 2009– February 2010.

The format for this training (one Saturday per month) as well as the inclusion of lay health advocates in addition to Registered Nurses resulted in a capacity crowd and “an excellent group of people” according to Jeannine Gaudet, RN and a member of the HC board coordinating the training.

Plans are already underway for Healthy Congregations to sponsor a second group of nurses and lay health advocates for training next summer. For preliminary information contact Judy at 662-449-5002 or [judy@kidsgetalife.org](mailto:judy@kidsgetalife.org).
